AUDITOR'S REPORT

To the Members of the Legislative Assembly

I have audited the Report to the Minister of Environment from the Deputy Minister of the Department of Environment for the Forest Fire Contingency Fund (Report) as required by subsection 8.6(1) of *The Prairie and Forest Fires Act, 1982*. Management of the Fund is responsible for preparing this Report for Treasury Board's approval. My responsibility is to express an opinion on the financial information contained in this Report based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial information in the Report is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial information. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial information presentation.

In my opinion, the financial information in the Report presents fairly, in all material respects, the financial activity of the Fund for the period April 1, 2005 to May 27, 2005 prepared in accordance with subsection 8.6(1) of *The Prairie and Forest Fires Act, 1982*.
